

BOARD OF MANAGEMENT

CHAIRMAN'S REPORT 1999

With the constant changing of administration at Winter and Summer level, and the increase of new members to the Club both junior and senior, the Board of Management was very aware of conveying the structure of the working liaison of the Board and the Winter and Summer Committees.

As you may be aware a plaque was designed and made and placed next to the Bar facility on the wall to outline the function of the total administration, including members participation and explain fully the role of each level of management. Our thanks to David Stenhouse for the organisation is greatly appreciated and please pass on to new and existing members that we are one club running Winter and Summer seasons affiliated with the respective baseball associations.

The prime reason a Board of Management was formed was to oversee the running of the Club and to promote a harmonious relationship between the Winter and Summer Sections and with this in mind a "Policies and Procedures" schedule has been implemented (approximately three years in the making) and further enhance the working Rules and Purposes our Club aspires to and the expectations our members to carry on for future generations and the survival of Cheltenham Baseball Club.

Many thanks must not only go to the present Board Members, but also to previous members who helped collate this important document.

P2.

Another document on its way to completion is a "job description" of all positions in the Club to assist in particular new members, and the expectations of that role and enable a smooth transition period and be fully aware of that position.

To further enhance our grounds, the Club through a village Committee grant and our own funds has received a ride on mower and from all reports this will greatly assist our aims in promotions of future carnivals, special events and enabling transportation of equipment between grounds.

Many thanks must go to Graeme Ainscough in his submission for the grant and to David Stenhouse for purchasing the mower.

The continual aim for success and the quest for premierships, together with the processes of the junior program is always ongoing and wish the Winter and Summer sections well in these areas.

I'd like to take the opportunity of thanking those who have served on the Board, in particular Jill Ward-Bourton as Secretary who has stepped down from this position, for her professional approach and will be surely missed.

1998/99 Executive

Vice-President	Graeme Ainscough
Secretary	Jill ward-Bourton
Treasurer	Colin Uphill
Committee	David Stenhouse
	Peter Innes

Yours in baseball

Michael J. P. Trevorah
